

DHT FURNITURE VIETNAM

COMPANY PROFILE 2026

Vietnamese Furniture Manufacturer & Exporter | Family-Owned Group

CORPORATE POSITIONING

DHT Furniture Vietnam operates as part of a family-owned furniture group with 11 production facilities across Vietnam. From initial concept development and technical sampling to rigorous quality assurance and global export coordination, our team supports scalable outdoor, indoor, and project furniture programmes tailored to international markets.

SUSTAINABLE SOURCING & FSC COMPLIANCE

- FSC Acacia Wood**
Acacia hybrid sourced from certified sustainable plantations in Vietnam. Kiln-dried to 8-12% MC.
- FSC Eucalyptus Wood**
Eucalyptus grandis imported from certified forests in Uruguay. Dense grain for outdoor resilience.
- FSC Teak (Tectona grandis)**
Premium grade teak imported from responsibly managed Mato Grosso plantations in Brazil.
- Powder-Coated Aluminium**
Architectural grade alloy with multi-stage pre-treatment and durable exterior polyester coating.

DEVELOPMENT LEAD TIMES & CAPABILITIES

- Sample Prototyping: Typical 7-14 days post-drawing & material confirmation
- New Order Production: Typical 60-90 days depending on testing & programme scope
- Repeat Order Run: Typical 45-60 days for established collection programmes
- Container Loading: Flexible mixed-container loading across collection items

CORE PRODUCT PROGRAMMES

Outdoor Lounge & Sofa Collections
Modular seating, deep outdoor foam, weather-resistant rope and FSC teak/aluminium frames designed for hospitality and retail buyers.

Outdoor Dining Sets & Benches
Solid FSC teak and acacia dining sets with powder-coated architectural metal accents. Engineered for structural endurance.

Sunloungers & Daybeds
Ergonomic multi-position loungers and daybeds crafted from kiln-dried timber and exterior textilene/olefin fabrics.

Indoor Furniture & Custom Project OEM
Contemporary living, dining, and bedroom furniture tailored to architectural developer briefs and bespoke client specifications.

QUALITY MANAGEMENT & COMPLIANCE

- Incoming Raw Material Audit: Moisture content inspection (8-12%), timber grain grade verification, FSC chain-of-custody.
- In-Process Quality Control (IPQC): Dimension precision checks, joint mortise & tenon integrity, and surface sand-prep.
- Finish & Coating Integrity: Multi-layer exterior PU, UV protective oils, and salt-spray corrosion resistance tests.
- Pre-Shipment Inspection (PSI): AQL standard pre-shipment sampling, carton drop testing, and barcode validation.

FACTORY VISITS & ON-SITE INSPECTIONS

To protect proprietary client designs and production confidentiality, factory visits across our 11 manufacturing facilities are arranged strictly by appointment following an initial review of your product scope and volume requirements. Showroom visits in Ho Chi Minh City can be scheduled with our commercial department at any time.
